

Radwan Almousa MD, FRCOphth, CertLRS

GMC Specialist Registration: 6033647

Summary

Mr Almousa is an award winning surgeon, with Fellowships in Oculoplastics and the Cornea, Anterior segment and Refractive Surgery. He has studied and has experience in the UK, Singapore and Syria. He is patient focused and using his wealth of knowledge he has introduced new review, surgical and treatment guidelines that have led to improved results and patient experience in both the NHS hospitals and the private sector.

Mr Almousa attends regular international meetings and courses throughout the world, ensuring that he is completely up to date with all global industry advancements, meaning that his skills and knowledge are unsurpassed. He believes in sharing the wealth of his knowledge by teaching others in his specialist fields and has achieved this as a conductor and associate instructor of various courses at a number of hospitals in London and the US. He has extensive research experience and carried out various studies that have led to notable advancements in the fields of Refractive surgery and Oculoplastics.
